

SILVER STREAK CLASSIC RALLY
PECHANGA RV RESORT AND CASINO
TEMECULA, CA (909-587-0484)
APRIL 28 through MAY 3, 2003

Our focus, and the theme for this event, is the fact that in the year 2003 all of our GMCs will have reached their 25th year on the road and we will be celebrating that fact with the rally name of " SILVER STREAK CLASSIC RALLY"

SCHEDULE OF EVENTS:

To date we have seminars on GMC Tire safety, Toronado Parts-Selection and Modification, Wireless Toys-Internet Information-Satellite Information, Transmission Theory-Rebuild and Testing Recommendations and Beginning Digital Photography and Printing.

Tentative demonstrations to date include Coach Weighing, Dana Compressor Rebuilding, Macerator installation, Onan Preventive Maintenance, Bearing Service-Knuckle Off/On and a New Screen Door Design and Installation.

There are small special interest groups (BOF) that will meet in an unstructured format to discuss their common interests such as Ham Radio, Fuel Injection and New Owner Questions. We are also inviting experts in their fields to talk about topics of interest during "Bring Your Own Bag Lunch" sessions.
